

PRETTY ESTATES RESORT

• FAMILY RETREATS •

Simply stated — Pretty Estates Resort is magical

We invite you to make Rowena's Inn on the River your very own

Located in the pristine surroundings of Harrison Mills, Pretty Estates Resort is a secluded 160-acre waterfront estate that evokes an atmosphere of understated elegance. The rooms feature waterfront and garden views, sumptuous king-size beds, feather pillows and crisp linens. Large windows bathe the European-infused elegance in natural light and the furniture exemplifies a timeless stylishness. The cabins have heated-slated floors, deep-soaker jacuzzi tubs for two, glassed-in showers and wood-burning handcrafted river-rock fireplaces.

However, what really sets the Inn apart is the Pretty Family's tale, laced with a century's worth of twists and turns. Today, each of the rooms is named after a family member, reminding us of legacy that once was. Little facts include Queen Victoria granting the land, the Drawing Room's nostalgic touches, such as a

banister that was once in the original Hotel Vancouver and a dining-room table that hosted King George VI, and one of the beds belonging to the renowned, opera singer, Dame Nellie Melba.

Add modern day amenities – complimentary high-speed internet, iPod docks, deep-soaker jacuzzi tubs for two, heated floors and so much more – to see how Pretty Estates Resort has blended Old World opulence with New World convenience.

Warm Regards,

Cara Elliot
